Important Disclosures

1. **Not a licensed healthcare provider.** I am not a licensed physician, psychologist, psychiatrist, marriage and family therapist, licensed clinical social worker, or any other type of licensed healthcare provider. I do not diagnose or treat medical or psychological disorders.
2. **Vocational and avocational self-improvement.** Hypnotherapy services are provided for self-improvement purposes under CA Business & Professions Code §2908. This is not psychotherapy, counseling, or medical treatment.
3. **Not a substitute for professional care.** If you have a medical or mental health condition, consult an appropriately licensed healthcare provider. Hypnotherapy complements but does not replace professional care.
4. **No guarantees of outcomes.** Individual results vary based on suggestibility, compliance, and overall health. No specific outcomes, cure rates, or timelines are promised.
5. **Emotional responses.** Hypnotherapy may bring up emotions, memories, or associations that cause temporary discomfort, including delayed emotional responses after sessions. This is a normal part of the process and will be managed therapeutically.
6. **Memory accuracy.** Memories, images, or impressions experienced during hypnosis may be symbolic, metaphorical, or inaccurate. They should not be assumed to be factual representations of past events.
7. **Subconscious work.** Hypnosis works with the subconscious mind. Experiences, depth of trance, and responsiveness vary between individuals and between sessions.
8. **Therapeutic exclusions.** Clients with active psychiatric conditions, psychosis, or suicidal ideation should work with a licensed mental health professional. Appropriate referrals will be provided.
9. **Right to refuse or discontinue.** You may refuse any technique during a session or discontinue services entirely at any time, without obligation.
10. **Confidentiality.** Session content and personal information are kept confidential consistent with applicable privacy standards and CA law, except where disclosure is required by law (e.g., imminent danger to self or others, abuse of a minor or elder).
11. **Independent practice.** The practitioner operates independently and is not an employee of any institution, training school, or professional association. Any referral source is separate from the therapeutic relationship.
12. **Zoom telehealth.** Sessions are conducted via Zoom video. You are responsible for a quiet, interruption-free environment and a reliable internet connection. Sessions are by mutual consent and may be rescheduled if technical issues arise.
